

Hello everyone

This really is just a test email to check if I can upload and send pdf's from the website yet!!! You might recall that I had some super issues last season.

But it's also a nice opportunity for me to remind you that our rego info is now online!! Click on [Online entry of player information](#) to add your info online (or if you prefer a sheet of paper then go to "forms" - here you will find the player info sheet that has already been posted to you).

It's great to see how many players have already chosen the online option - thank you. There are also forms for nursery netball, senior block teams and non-playing volunteers.

Rego days start this Saturday!! See you there.
